

## RESERVATION POLICY

- All reservation can be made online 24 hours prior to court time.
- Members are allowed to drop-in and reserve a court through the pro shop.
- All players' names must be entered for each reservation.
- All members must register any and all guests under their Court Reserve reservation (a \$5 fee per guest will apply). Members reserving a court as "singles" may be subject to be charged guest fees when showing up with 4 people.
- Those inside a 25-mile radius may play as guests only once per week.
- Single members are allowed to bring unlimited guests at no charge (single members must tell the pro shop the name of their guests prior to go on the court).
- All members not complying with the guest policy will be charged a \$10 fee.
- No waiting list available.
- ALL reservations until 4pm will be canceled when several courts are closed due to inclement weather or maintenance in the morning. Members will be able to reserve a court as courts open back up. USTA matches and lessons will always have the first priority when courts reopen. We will reassess between 3pm and 4pm and decide if we can maintain the evening reservations.
- Courts 11 and 12 will be blocked for lessons and clinics only. Members will be able to reserve 11 and 12 as a first come first serve if no lessons/clinics are scheduled on those courts and all other courts are full.
